# Welcome

Furniture has been a part of the urban lifestyle. We are here to support your needs for elegant, minimalist, stylish, and timeless decor that can be customized to your personal preference.

## VISION

Become the first  
choice for minimalist  
furniture decor  
enthusiasts

## OUR *Values*

As a furniture company,  
we believe that clear  
values can drive us to a  
better place. Efficiency  
and quality are our  
treasured values that we  
hold for a long time.

## MISSION

Provide elegant, minimalist,  
stylish, and timeless home  
decor along with the best  
quality

# PROJECT

## Overview

We handle our projects with high consideration. Starting by collecting customer desires and needs information; to shipping the products to the customer's hands.

Project Timeline	Adjusted the room to the customized products; it could be a couple of weeks or months. However, we will keep projects on time.
Budget	Adjusted all costs to the design, the type of the furniture materials, and the theme used.
Potential Setback	We always prepare a backup plan for either every delay possibility or other obstacle while producing or shipping the product.

**Jeffy Dao**  
B&W Wildfish VN

It was totally fun working together with the entire team. They have such a great taste in creating elegant and comfy decor for my showroom.

**Thuy Nguyen**  
Minh Duy Trading

Khang Thinh is my strategic supplier to all projects for customers need to set up chain of retail stores, minimart, supermarket...

**Vinh Vo**  
Bamboo Logistics

I have no complaints about my office they offered. I will gladly recommend my partners to work with this team when they need to decor their company.

WHAT OUR  
*Clients Think*

# Our Factory

Our factory may produce furniture for residential or commercial use with a variety of designs.

The manufacturing process typically involves a combination of automated machinery and skilled labor.

Raw materials such as natural wood, wood - based panel, and metal are transformed into finished products through cutting, shaping, joining, and finishing processes.

The finished products are then packaged and shipped to retailers or directly to consumers.

Our mission is to constantly improve the production process and apply the latest technological advances to meet customer needs and create the most perfect products.
